The Company, through its subsidiary Greenswitch America, Inc. holds investments in parking real estate in the United States of America.

**2. BASIS OF PRESENTATION**

*Basis of preparation and statement of compliance*

These condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34 Interim Financial Reporting.

These condensed consolidated interim financial statements follow the same accounting policies and methods of application as the Company’s most recent fiscal year-end consolidated financial statement and should be read in conjunction with the Company’s consolidated financial statements as of December 31, 2025, which were prepared in accordance with IFRS as issued by the IASB. The accounting policies set out in Note 3 of the Company’s audited financial statements as at December 31, 2025 have been applied in preparing these condensed interim consolidated financial statements.

*Use of estimates and judgments*

The preparation of these condensed consolidated interim financial statements in accordance with IFRS requires that the Company’s management make assumptions and estimates of effects of various future events on the carrying amounts of the Company’s assets and liabilities at the end of the reporting period. Estimates are reviewed on an ongoing basis using historical experience and other factors that are considered relevant given the circumstances. Revisions to estimates and the resulting effects on the carrying amounts of the Company’s assets and liabilities are accounted for prospectively. Actual results may materially differ from these estimates.

A full list of the key sources of estimation uncertainty can be found in the Company’s audited consolidated financial statements as of December 31, 2025.

The Company uses the equity method for accounting for its equity-accounted investees. The significant equity-accounted investees of the Company is as follows:

<b>Name of equity-accounted investees</b>	<b>Place of incorporation</b>	<b>Percentage membership interest December 31, 2025</b>	<b>Principal activity</b>	<b>Functional currency</b>
PAVe LLC/ PAVe Admin LLC <sup>(i)</sup>	Delaware, USA	50%	Member/Manager of Parking Acquisition Ventures LLC	USD
760 Second St GP <sup>(ii) (iii)</sup>	Ontario, Canada	50%	Residential property development	CAD

- i. In April 2015, the Company’s subsidiary, Greenswitch America Inc. and Parking Real Estate, LLC (“PRE”), jointly created separate legal entities, Parking Acquisition Ventures, LLC (“PAVe LLC”) and PAVe Admin, LLC (“PAVe Admin”) to manage and oversee the parking assets of OP Holdings JV, LLC (“OP Holdings”), as an administrator. OP Holdings holds a portfolio of U.S. based parking facilities. PAVe Admin is an entity created for legal purposes and consolidates PAVe LLC under IFRS. PAVe LLC has different class of membership units, and the entitlements to distributions from these investments are different among each class PAVe LLC. The Company has an effective 24.39% (December 31, 2025 – 24.39%) equity interest in OP Holdings through its ownership in PAVe LLC. The Company accounts for its investment as an investment in associate.
- ii. In November 2025, Parkit contributed the land and building at 568 Second Street to the newly formed investment, 760 Second St GP, at \$12,900,000 and redeemed 50% of its interest to two new partners for proceeds of \$3,225,000 and a note receivable of \$3,225,000 (note 8). The remaining 50% interest is held equally by Decade Capital Corporation (“Decade”) and Southside Construction Management Limited (“Southside”). The Development Manager is Decade, who manages the daily operations. 760 Second St GP requires a 75% voting threshold that must be met for any binding resolutions, including budgets, financing and capital allocation matters. For this reason, despite the Company retaining a 50% interest in the GP, it is classified as a significant influence equity accounted investment in associate, as the Company requires agreement from one of the other partners for approval of relevant decisions.

Parkit holds a 50% (December 31, 2025 – 50%) interest in the 760 Second St GP, which is accounted for using the equity method as an investment in an associate over which the Company has significant influence.

- iii. The transaction is recognized as a related party transaction. See note 15 for additional disclosures.

***Commitments***

Pursuant to the OP Holdings joint venture and the PAVe LLC operating agreements, the Company has a commitment to contribute up to 5% of any capital call made by the OP Holdings joint venture. Capital calls will be made for the purpose of acquiring new parking real estate assets as jointly agreed by the members, and at other times as the joint venture may require working capital. OP Holdings is not in compliance with its borrowing covenants as of March 31 2026, and is in the process of receiving a waiver (OP Holdings was in compliance as of December 31, 2025). No capital call has been made and no provision has been accrued by the Company with respect to this commitment (December 31, 2025 – \$Nil).

*Commitments (continued)*

As at March 31, 2026, the 760 Second St GP has received a construction loan facility with CMLS Financial for up to \$92,860,086, secured by a first-ranking mortgage on the development, and insured by the Canada Mortgage and Housing Corporation (“CMHC”), to finance the construction of the development in London, Ontario. As at March 31, 2026, the 760 Second St GP has drawn \$9,472,477 on the facility. The loan pays interest only during the construction term, to July 20, 2028, and bears interest at the Royal Bank of Canada prime rate less 45 bps. Following construction of the development, the construction financing shall be refinanced with a term facility for a term of five years with a 40 year amortization, and shall bear interest at the 5 year Canadian mortgage bond rate plus a spread to be determined by the lender at the time to a maximum of 3.65%, subject to certain debt service requirements. The loan is guaranteed by Parkit, Decade Capital and Southside Construction Management. The participation rights in the 760 Second St GP are represented by partnership units, with all distributions and returns dependent on the GP’s performance. Certain decisions require unanimous consent of the partners, and the sale or transfer of partnership interests is subject to restrictions under the 760 Second Street Partnership Agreement.

*Summarized financial information of equity accounted investees*

The assets and liabilities of the equity-accounted investee translated into Canadian dollars are summarized as follows:

	<b>March 31, 2026</b>	<b>December 31, 2025</b>
<b>PAVe LLC</b>		
<b>Assets</b>

<b>Investment in PAVe LLC</b>	<b>\$ 3,555,963</b>	<b>\$ 3,663,149</b>

- i. The PAVe LLC has different classes of membership units, and the entitlements to voting and distributions are different among each membership class. Under the equity method, on initial recognition the investment in the equity-accounted investee is recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Company is entitled to income (losses) on the investments included in the equity-accounted investees based on the membership agreement and waterfall calculations for each equity-accounted investee. As a result, the calculated percentage of the Company’s total share of income (losses) of the equity-accounted investee income (losses) will vary from period to period.

- i. As at March 31, 2026, included in these figures is a mortgage payable, with a USD equivalent balance of \$4,094,113 (December 31, 2025 – \$4,112,644 USD) with an amortization period of 25 years. The remainder of the mortgages are payable in CAD with an amortization period of 25 years.
- ii. The mortgage models a fixed rate mortgage with a set interest rate of 3.49%, amortizing with fixed monthly payments over 25 years, with a term of 10 years. The swap contracts require settlement of net interest receivable or payable every 30 days. The settlement dates coincide with the dates on which interest is payable on the underlying mortgage payable. The mortgage and interest rate swaps have been accounted for at FVTPL. As at March 31, 2026, the interest rate swap on mortgages (note 10) was in a net asset position of \$278,989 (December 31, 2025 – asset position of \$261,452).
- iii. Included in the credit facilities is a revolving line of credit of \$72,000,000 of which \$45,410,843 has been drawn upon as at March 31, 2026 (December 31, 2025 – \$72,000,000 line of credit with \$45,342,604 drawn), resulting in a remaining line of credit available of \$26,589,157 (December 31, 2025 – \$26,657,396). The interest rate applicable to the available line of credit will be determined in accordance with the prevailing variable interest rate.
- iv. The balance includes a USD balance of \$850,000 (\$1,184,815 CAD) as at March 31, 2026 (December 31, 2025 – USD balance of \$700,000 (\$959,420 CAD)).
- v. The Company has entered into a series of swap agreements to fix the interest rate of between 5.10% to 5.72% on the \$74,500,000 combined revolving and non-revolving lines of credit, for the remainder of the loan term maturing on March 2027 to April 2028. The swap contracts require settlement of net interest receivable or payable every 30 days and have been accounted for at FVTPL. As of March 31, 2026, the interest rate swap on mortgages was in a financial liability position amounting to \$481,247 (December 31, 2025 – financial liability position of \$562,932). The unrealized fair value of the swap position after loan maturity is detailed in note 10.
- vi. The mortgages and lines of credit are collateralized by first charges on specific investment properties (note 3), parking properties (note 4), and investments at fair value (note 5).
- vii. The deferred financing costs consist of fees and costs incurred to obtain the related mortgage financing, less accumulated amortization of \$1,156,910 as at March 31, 2026 (December 31, 2025 – \$1,100,238).
- viii. See note 18 for additional disclosure on the estimated fair value of the debt.

The following table provides a continuity of total debt for the three months ended March 31, 2026 and December 31, 2025.

**10. UNREALIZED FAIR VALUE OF DERIVATIVE LIABILITIES**

The Company has entered into swap agreements with its lenders for its variable debt outlined in note 9, with certain swaps maturing on dates beyond the maturities of the underlying debt. These swap positions have maturities between April 2027 and April 2028, with an option to cancel at a specified date in April 2026, at the option of the lender. The fair value of the financial instrument as March 31, 2026 is an unrealized derivative liability of \$102,617 (December 31, 2025 – derivative liability of \$371,877). As at March 31, 2026, the overall swap positions, up until its final maturity for all of the Company's swaps, are a financial liability of \$304,875 (December 31, 2025 – financial liability of \$673,357). Subsequent to March 31, 2026, the lender has elected not to cancel the swap with a notional value of \$20,000,000 in April 2026, thus the swap's maturity date remains April 2028.

<b>Unrealized fair value of derivative liabilities <sup>(iii, iv)</sup></b>	<b>\$ 102,617</b>	<b>\$ 371,877</b>

- i. Inclusive of the fair value of all the Company's swaps held until the swap's final maturity.
- ii. The fair value of the swap up until the maturity of the offsetting loan.
- iii. The fair value of the swap that exceeds the maturity of the offsetting loan, until the swap's final maturity, inclusive of the lenders option to cancel.
- iv. See note 18 for additional disclosure on the estimated fair value of the derivative liabilities.

The Company entered into a property management agreement with Access Results Management Services Inc. (“ARMS”) in December 2020, which was renewed and now expires in December 2030. ARMS and the Company are related by having common members on its Board of Directors. The Company also receives invoices from ARMS and its related companies for construction, maintenance and other services related to the day-to-day operations, including accounting, financial, property and executive management.

- For the three months ended March 31, 2026, the Company incurred property management fees and other rental and general operating expenses totalling \$796,167, from ARMS and its related companies (three months ended March 31, 2025 – \$814,775), of which \$87,018 of key management personnel compensation was included in the table above (March 31, 2025– \$87,018).
- For the three months ended March 31, 2026, construction costs of \$156,630 incurred through ARMS and its related companies have been capitalized to investment properties (three months ended March 31, 2025 – \$194,683).
- Amounts due to and from ARMS and its related companies at March 31, 2026 includes \$529,735 in accounts payable and accrued liabilities (December 31, 2025 – \$1,225,885) and \$535,376 is included in accounts receivable (December 31, 2025 – \$427,750).

The Company had acquired the investment property at 1650 Blvd Lionel Bertrand, Boisbriand, Quebec from a non-arms length vendor managed by two directors of the Company, for an aggregate purchase price \$10,250,000 on February 6, 2025, subject to customary adjustments.

During the year ended December 31, 2025, the Company transferred its investment property, located at 568 Second Street, to 760 Second St GP for consideration of \$12,900,000 (note 6). The consideration was satisfied entirely through partnership units representing the Company’s interest in the partnership, based on a stated value of \$1 per unit. Parkit sold 50% of its interest in the partnership for \$6,450,000 and the Company retains a 50% interest.

For the three months ended March 31, 2026, the Company earned \$894,098 in investment properties revenues from leases with companies managed by two directors of the Company (three months ended March 31, 2025 – \$729,319).

**16. SEGMENTED INFORMATION**

The Company operates in two reportable business segments:

- Investment properties – involves the acquisition and management of income-producing investment properties across key markets in Canada.
- Parking properties – involves the acquisition and management of income-producing parking facilities across the United States.

Each segment is a component of the Company for which separate discrete financial information is available by the chief decision makers of the Company. The Company evaluates performance and allocates resources based on earnings before interest, taxes, depreciation, amortization, and stock-based compensation. Corporate costs are not allocated to the segments and are shown separately.

During the three months ended March 31, 2026, the Company had one customer individually exceed 10% of total revenue. This customer accounted for 13% of total revenues for the three months ended March 31, 2026 (8% for the three months ended March 31, 2025).

**18. FAIR VALUE MEASUREMENTS**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

There are three levels of fair value hierarchy that prioritize the inputs to valuation techniques used to measure fair value, with level 1 inputs having the highest priority. The levels used to value the Company's financial assets and liabilities are described below.

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly, i.e. as prices, or indirectly, i.e. derived from prices.
- Level 3 – Inputs for the asset or liability that are not based on an observable market, i.e. unobservable inputs.

The fair value of the Company's accounts receivable, long-term receivable, accounts payable and accrued liabilities, accrued interest, and tenant deposits approximate carrying value, which is the amount recorded on the consolidated statements of financial position.

The following table provides a summary of the remaining fair value measurements of the Company:

	Fair value hierarchy	March 31, 2026		December 31, 2025	
		Carrying amount	Fair value	Carrying amount	Fair value
<b>Financial assets measured at amortized cost:</b>					
Cash	Level 1	\$ 8,186,145	\$ 8,186,145	\$ 5,382,290	\$ 5,382,290
<b>Non-financial assets for which fair value is disclosed:</b>

<b>Financial asset and liabilities measured at fair value:</b>					
PROREIT – Trust Units	Level 1	28,009,181	28,009,181	28,202,165	28,202,165
PROREIT – LP Units	Level 2	16,772,250	16,772,250	17,521,250	17,521,250
Debt at FVTPL – mortgages and line of credit	Level 2	(93,020,522)	(93,020,522)	(92,926,996)	(92,926,996)
Interest rate swaps	Level 2	(202,258)	(202,258)	(301,480)	(301,480)
Unrealized fair value of derivative liabilities	Level 2	(102,617)	(102,617)	(371,877)	(371,877)
<b>Financial liabilities for which fair value is disclosed:</b>					
Debt at amortized cost – mortgages	Level 3	(48,562,712)	(48,149,177)	(47,396,877)	(47,392,222)

There were no transfers between levels 1, 2 or 3 in 2026 or 2025.

**18. FAIR VALUE MEASUREMENTS (continued)**

*Valuation processes for investment property*

The fair value of an individual investment property was determined through:

- a valuation using the income capitalization approach, which is calculated with a stabilized net operating income and capitalized at the requisite overall capitalization rate; or
- the discounted cash flow approach, which discounts the expected future cash flows, including a terminal value, based on the application of a terminal capitalization rate to the assumed final year's estimated cash flows, or
- a direct comparison method, which is the primary method of appraising investment properties consisting solely of land. Recent sales of parcels of land, similar in terms of physical characteristics, and location are compared to the subject property to determine a representative value for the unit of comparison, i.e. sale price per acre.

Updating the fair value for changes in the property cash flow, physical condition and changes in market conditions includes key assumptions and estimates for capitalization rates, normalized property operating revenues less property operating expense, discount rates, terminal rates, market rents, leasing costs and vacancy rates.

*Valuation processes for investment property*

The Company's management team is responsible for determining the fair value measurements on a quarterly basis, including verifying all major inputs included in the valuation and reviewing the results. The Company's management, along with its Audit Committee, discuss the valuation process and key inputs on a quarterly basis. At March 31, 2026, a weighted average of 37% of the fair market value of the investment properties were appraised within the last year by qualified external valuers who hold recognized and relevant professional qualifications and have recent experience in the location and category of the investment property being valued. The fair value of the remaining portfolio of investment properties was determined internally by the Company's management team by individuals who are knowledgeable and have specialized industry experience in real estate valuations, with support from external valuation professionals, using similar assumptions and valuation principles as used by external appraisers.

The significant and unobservable level 3 valuations metrics used in the methods as at March 31, 2026 and December 31, 2025 are set out in the table below for investment properties consisting of land and building:

	March 31, 2026		December 31, 2025	
	Range (%)	Weighted average (%)	Range (%)	Weighted average (%)
<b>Income capitalization method</b>				
Stabilized capitalization rate	6.00-6.75	6.36	6.00-6.75	6.36
<b>Discounted cash flow method</b>				
Terminal capitalization rate	6.00-8.00	6.72	6.00-7.75	6.66
Discount rate	6.75-8.75	7.37	6.75-8.75	7.31

*Sensitivities on assumptions:*

Generally, under the income capitalization method, an increase in stabilized net operating income will result in an increase in the fair value of an investment property, and an increase in the stabilized capitalization rate will result in a decrease to the fair value of the investment property.

Generally, under the discounted cash flow method, an increase in discount rate and terminal capitalization rate will result in a decrease to the fair value of an investment property.

**18. FAIR VALUE MEASUREMENTS (continued)**

*Valuation processes for investment property (continued)*

Changes in the capitalization rates and discount rates would result in a change to the fair value of the investment properties as set out below:

	<b>March 31, 2026</b>	<b>December 31, 2025</b>
	<b>(Decrease)</b>	<b>(Decrease)</b>
	<b>increase</b>	<b>increase</b>
<b>Income capitalization method:</b>		
<b>Weighted average stabilized capitalization rate:</b>		
25-basis point increase	\$ (2,657,545)	\$ (2,657,545)
25-basis point decrease	2,874,813	2,874,813
<b>Discounted cash flow method:</b>		
<b>Weighted average terminal capitalization rate:</b>		
25-basis point increase	(4,287,178)	(4,352,083)
25-basis point decrease	4,626,100	4,697,151
<b>Weighted average discount rate:</b>		
25-basis point increase	(3,808,287)	(3,810,656)
25-basis point decrease	3,489,457	3,901,247

*Valuation processes for financial liabilities measured at FVTPL*

The fair value of the mortgages with interest rate swaps are held at FVTPL. For mortgages which contain swaps, as the interest rate on the facilities fluctuates with changes in market rates, debt and the swap work to offset any changes in effective interest rate, which effectively creates a fixed rate mortgage. The fair value of the mortgages is equivalent to a) the fair value of the interest rate swap based on the present value of the estimated cash flows determined using observable yield curves and b) the fair value of the underlying debt instrument. The Company computes the fair value analyzing both the debt and swap instrument together as one financial instrument.

The fair value of the unrealized derivative liability is the value of the swap relating to the period after the maturity of the underlying debt to the derivative liabilities' maturity. The fair value measurement of the interest rate swaps is valued by qualified independent valuation professionals based on the present value of the estimated future cash flows determined using observable yield curves. As a result, these measurements are classified as Level 2 in the fair value hierarchy.

The fair value of the investments is determined by using observable market inputs such as quoted closing prices in active markets. For investments that are not actively traded, the fair value is determined by observing the quoted prices of the underlying convertible units, resulting in a Level 2 classification in the fair value hierarchy.

*Valuation processes for financial liabilities measured at amortized cost*

The fair value of the fixed rate mortgages held at amortized cost are determined by discounting the expected cash flows each mortgage using market discount rates. The discount rates are determined using the Government of Canada benchmark bond yield for instruments of similar maturity adjusted for the Company's specific credit risk. In determining the adjustment for credit risk, the Company considers market conditions, the fair value of the investment properties that the mortgages are secured by and other indicators of the Company's creditworthiness. As a result, these measurements are classified as Level 3 in the fair value hierarchy.

**19. SUBSEQUENT EVENTS**

Subsequent to March 31, 2026, the Company purchased and cancelled 4,106,980 common shares pursuant to its NCIB for a total of \$2,464,223 (note 12).
